Vienna International, s.r.o. is the member of the Austrian group REJLEK Metal & Plastics Group.

We are specialized in the construction, development and manufacture of the stamping tools and the manufacture of the precise machine parts and components in the small and mid-sized series, the small welding constructions and fixtures.

Our target industries are the automotive, electronics and appliance manufacturing industries for households, furniture and industrial automation on the European Union markets.

PRAMA s.r.o. successfully occupies for us in frame of its personal services and services of the Agency for temporary employment the following working posts: Turning-milling CNC machining centre operator, grinder.

Our cooperation has lasted already for two years and we believe that we will be able to occupy together a lot of working posts also in the future.

We appreciate the ability of the company to select the relative big quantity of the candidates who meets our high professional requirements.

We especially appreciate the "human approach" of the Agency's representatives to the care for the employees.

We can recommend the company PRAMA s.r.o. as the reliable services provider of the Agency for temporary employment.

In Martin, on October 8, 2012

Yours faithfully,

Kováč Viliam
