

Company PMK PERSONAL MIT KOMPETENZ GmbH was founded in year 2009 and till now we have provided the job for more than 1000 employees. Our capabilities and competences go from the fact that we have matched the spirit of the time, we are flexible on the labour market and we are capable to response to the individual demands of our employees and customers. We still keep up with the job opportunities market.

At the present time the company PMK is represented on the territory of Germany by 27 affiliations in 18 various localities and outside the area of Germany in the Czech Republic, Hungary and Latvia. The flat hierarchy and the affiliations specialization helped to our success.

Company PRAMA s.r.o. assists us as the important cooperative partner in the territory of Slovakia. Our cooperation is based on the employment agency of the qualified and trained labour forces from the health services branch who are aimed to the Germany. May it concerning the nurses, nurses with the specialization or the sanitary staff, the company PRAMA, s.r.o. was always able to penetrate into the professional demands which were asked from the personnel in question and they have also the good orientation in the necessary legislation. On this base the Company is able to provide the suitable candidates in the greatest number from the all cooperative partners on the territory of Slovakia.

Thanks to the successful cooperation we believe that we will be able to find the needed sanitary personnel to Germany also in the future.

In view of our positive experiences with the company PRAMA, s.r.o. we recommend its personal services.
